25X1

1. Within the framework of the policy for economizing in the consumption of steel in Poland, the PKPG (State Economic Planning Commission), by Order No. 234 of 25 August 1953, has set up a Commission for Matters of Rational Utilization of Steel (Komisja do Spraw Racjonalnej Gospodarki Stala).

2. This commission is charged with the following:

- a. Working out the general principles of employment of various qualities of steel in the different spheres of state economy.
- b. Drawing up lists of different qualities of steels and exact regulations concerning their use in various spheres of production, in industrial constructions, the building industry, repairs, etc.
- c. Giving their opinion and to act as arbitrators in cases of dispute over the use of steels between the various state departments.

3. The composition of the commission is as follows:

President : the director of the Department for Supply and Balances of Materials of the PKPG (Departament Zaspotrzenia i Bilansow Materialowych PKPG).

Vice President : the director of Administration of Steel Matters of the Central Office for Material Economy (Zarzad do Spraw Stali Centralnego Urzedu Gospodarki Materialowej).

Members : representatives of the technical departments of the PKPG, the Foundry Ministry, and the Machine Ministry.

representatives of the Central Administration of Steel Sales of the Foundry Ministry, Metallurgical Institute
